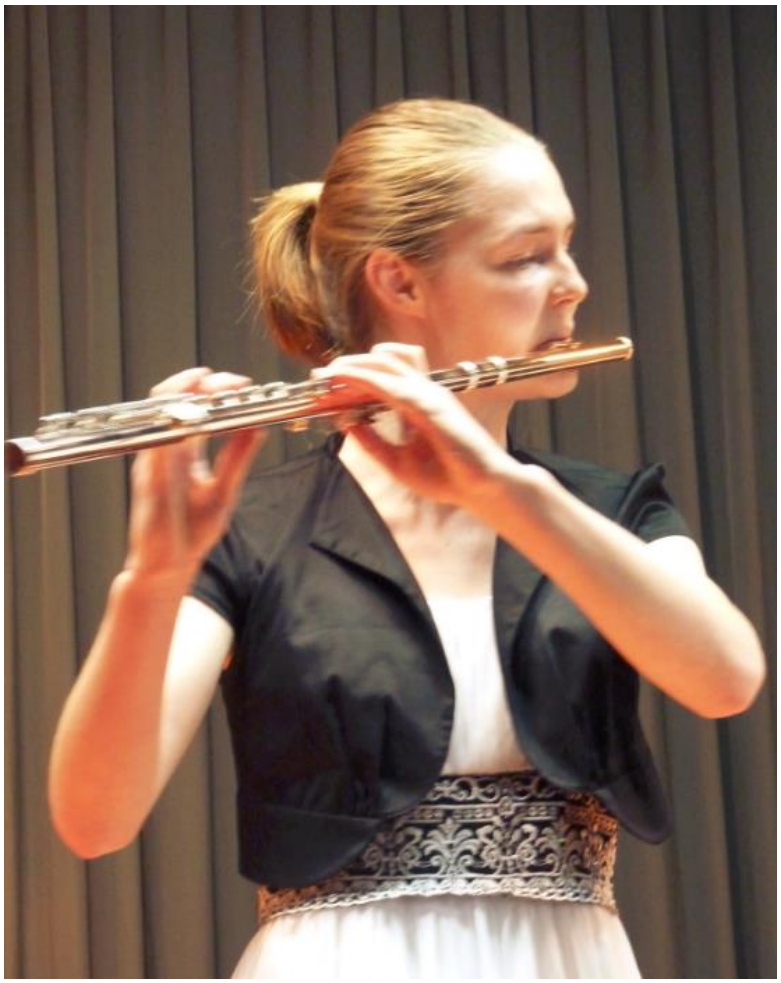
Dear Lynne Lillico,

I will always be so grateful to the Pearl Beach Progress Association and the Central Coast Conservatorium for the wonderful support and encouragement I received from you - from the age of about eight - in my ambition to build a career as a flautist.

I have now completed a Bachelor of Music (Flute Performance) at The Melbourne Conservatorium, The University of Melbourne, completing my honours year in 2017.

I am excited to have had a successful audition into the Royal Academy of music (RAM) in London to study a Masters of Arts in Performance Degree from September this year.

I would like to let you know of my fundraising concert to be held on the 25th of February at 1:30pm at St Mary's Church in North Sydney. All are welcome to attend, if you could help spread the word through your newsletter, this would be much appreciated.

I really feel so fortunate to have started my career on the Central Coast with the wonderful tuition and backing I received and I will always be proud to acknowledge this help.


With so much thanks,
Alyse Faith
